TAX REFUNDS ON TRADING LOSSES

your questions answered

WHY HAVE YOU WRITTEN TO ME?

We have identified your business as a potential candidate for a trading loss refund because of its size, age and financial profile. We are writing to let you know about our 'no win no fee' service that can generate a personal tax refund for the owners of the business.

WHY HAVEN'T I HEARD ABOUT THIS BEFORE?

In most cases trading losses are 'left on the books'. If you have made a loss the usual stance from accountants is to carry it forward to offset future profit and tax liabilities. We say, why wait for years to see the benefits, when those losses can be used to generate a cash refund for you right now.

CAN MY ACCOUNTANT DO THIS, OR CAN I DO IT MYSELF?

If you ask your accountant they probably could help, but they will charge fees regardless of the outcome (our service is risk free, being on a no win no fee basis). And if you want to have a go yourself, good luck.

WILL I GET IN TROUBLE WITH THE TAX MAN?

Absolutely not! Our tax experts are using the tax man's own rules to generate the refund. Once the claim is agreed the money is 100% yours.

YOU SAY I'LL ONLY BE CHARGED IF MY CLAIM IS SUCCESSFUL?

We only charge when a claim is completed and the refund has been released by the Revenue. This represents a no-risk route to securing the refund - other practitioners may bill you to carry out such a review whether or not you end up in funds. We charge 25%+vat on a no-win no-fee basis, deduct the fee and send the balance on to you.

WHO WILL BE DOING THE WORK?

Refunds Direct is one of the country's leading tax recovery companies. We help thousands of tax payers recover their money from HM Revenue & Customs each year and have refunded nearly five million pounds; this trading loss service is one of many that we offer. We are a dedicated team of tax consultants and customer service staff operating from offices in Bristol.

WHAT SHOULD I DO NOW?

We already hold some of the information to start the free review process, but of course we need your instruction to do so. So that we can send you the necessary sign-up forms, please return the enclosed enquiry card or call us on our freephone number.
